SARGEANT WILL BE JUDGE AT NORFOLK

Commonwealth's Attorney Shackelford Loses by Three Votes

CONTEST WAS BITTER

Norfolk Delegation Split on Two Candidates—Two Other Judges Nominated Yesterday.

Richmond, Jan. 29.—Following one of the most closely contested fights ever staged in the hall of the house of Delegates, W. H. Sargeant, Jr., of Norfolk, was last night nominated to be judge of the Corporation Court of the city of Norfolk by a joint Democratic caucus of the Senate and House of the Virginia General Assembly. Mr. Sargeant received forty-eight votes to his opponent's forty-five. He was opposed by O. L. Shackelford, Commonwealth's attorney of Norfolk city.

So close was the vote and so uncertain was the result that a third confirmation of the balloting was necessary.

Judge James L. McLemore was nominated to succeed himself as judge of the Second Judicial Circuit of Virginia, and Judge Allen R. Hanckel present judge of the Corporation Court of Norfolk city, was elevated to the bench of the newly created Thirty-second Judicial Circuit.

Colonel Sargeant was nominated by Delegate Dodson and the nomination was seconded by Delegate Cherry, who denied any connection with efforts to discredit Mr. Shackelford who was nominated by Senator Deal and whose nomination had a half dozen or more seconds.

Mr. Shackelford was indorsed by the Bar Association of Norfolk and Portsmouth and by a number of other organizations.

Delegate Cherry bespoke for his candidate the votes of his colleagues in the House on the ground of parliamentary courtesy.

Delegate Robert O. Norris, of Lancaster in seconding the nomination of Mr. Shackelford, stated that he was not in accord with the interpretation of Delegate Cherry, of House courtesy, and read the petition of the Bar Association of Norfolk, which was addressed to the Norfolk city delegates, the reading of which, the delegate from Lancaster reminded the Norfolk city Representatives, more properly should have been done by them.

Mr. Norris produced petitions which he asserted demonstrated beyond doubt that Mr. Shackelford, and not Mr. Sargeant, was the choice of the people of Norfolk. House courtesy, he declared, does not extend to the point where it prevents the people from getting the man they want. He challenged not only the delegates from Norfolk, but the Senator from the City by the Sea to release every member of House or Senate who had pledged their vote to any particular candidate. Senator Deal accepted the ultimatum, and release of those pledged to the candidate whose cause was espoused by the Norfolk delegates was tacit.

Senator Eppes, of Nottoway, in seconding the nomination of Mr. Shackelford, declared that the case of the people of Norfolk, who desired the present Commonwealth's attorney, had been made out, but, notwithstanding the fact that those who advocated the cause of Mr. Sargeant had been given ample opportunity, they had failed to make a case.

Delegate R. Lindsay Gordon, of Louisa, alluded to disagreement of the Norfolk representation as "a house divided against itself" and told his colleagues that the matter of a choice simmered down to an impartial consideration of the evidence and every man voting according to the dictates of his own conscience.

Senator Downing, of Lancaster, who seconded the nomination of Mr. Shackelford, deprecated the abuse of House courtesy and declared that if such a thing as blotting the will of the people existed it should be done away with. He denied the right of the Norfolk city delegates to name the judge of the Corporation Court of that city.

Dr. F. Regis Noll, former district deputy in Pennsylvania, last night delivered an interesting address entitled "The Social Enigma" before the members of Fitzgerald Council No. 459, Knights of Columbus. Preceding the lecture the first degree of the order was conferred on a class of candidates.

CATCHES FLEEING PAIR

Chicago Postmistress and Companion Arrested in Cleveland After Discovery of Shortage

Chicago Jan. 29.—A jagged trunk cleat which ripped baggagemen's hands, tore hotel carpets and defaced doorways was the clue which put Irene McAudiff, suburban postmistress, under arrest at Cleveland, Ohio, today.

With the postmistress was Merrill B. Inks. They had been traced through a score of Southern resorts following alleged discovery that Miss Auliff's postal accounts were not quite straight.

About $13,000 was missing, inspectors said. Arraignment on charges of embezzlement of government funds and possibly other charges was to follow the return of the pair here today.

NEXT WORLD WAR

Harvard Professor Says Alignment of Powers Will be Different Than in Last Conflict

Boston, Jan. 29.—Professor Albert B. Hart, of Harvard University, urged the United States to "make speedy preparations" for a big war which he predicted would break out in Europe within the next 5 or 10 years, in a speeche delivered here before the Harvard Club.

"It is positively criminal if the United States does not make speedy preparations," he said, "to insure us an army of trained officers and men in the event of war breaking out again."

The lining up of power will differ greatly from that of the last war, Prof. Hart declared. The combination of Germany, Japan and Russia is far from unlikely, he said, and expressed dobut as to whether Italy would again side with France and England.

"Uncle Sams job in the war which has just been finished was to prevent Germany from dictating the future policy of the world," he said. "Now that the job is done, Uncle Sam hangs back as if there were no other job."

VIRGINIA SUFFRAGE AGAIN REBUFFED

List Compiled by Alexandria Post, American Legion

House Resolution for Referendum, Not Being a Joint Measure, Has no Binding Effect.

Richmond, Va., Jan. 29.—By a vote of 7 to 3 the Senate Committee on Elections yesterday rejected the woman suffrage amendment to the Federal Constitution. The House adopted a resolution to refer the amendment to a vote of the people, but as it was not a joint resolution it has no binding effect.

Delegate Dodson, of Norfolk, introduced in the house a joint resolution providing for reapportionment of the State into Senate and house districts, as required by the constitution of Virginia. This duty has been neglected by succeedng general assemblies since 1912. Richmond will gain three members of the house by reapportionment, it is believed, and one new senator. Norfolk, Roanoke and Newport News will also make gains by reason of their increase in population since 1912.

Senators Coke, Rolt, Deal, Leedy, Woodson and Oliver offered a bill to provide for the acquisition, manufacture, sale and distribution by the commonwealth of whisky, brandy and wine for medical purposes.

The Booker primary bill, requiring primaries for the nomination of candidates for Congress, was presented in the senate, but consideration of the measure went over until next Wednesday.

The house voted to take up out of its order and place on its passage senate bill 37, which creates a new court in the Second judicial district. It is to be the circuit court of Norfolk. The bill was passed 78 to 0.

Meantime an investigation by a State prison board will be conducted to determine if the men are sane.

It is understood that Roadcup has been previously convicted on a charge of killing Philip Ritchie, for which he has served time. It is also stated that he is about 50 years old and is dovorced. He was lodged in the county jail awaiting action of the grand jury.

LETTERS ESTABLISH IDENTETY OF BODY

Body May be That of James R. Reid of Chester, Pa.

WIFE HERE TONIGHT

Coroner's Jury Holds Inquest —No Evidence to Show What Train Struck Man

The body of the man found Tuesday night lying beside the Southern Railway tracks west of Alexandria is believed to be that of James R. Reid, about forty years old, of 1123 West 2nd street. Chester, Pa.

Undertakers Demaine & Son have sent a telegram to Mrs. James R. Reid at the foregoing address with the hope of establishing the identity of the body, and reecived a telegram this morning from Mrs. Reid, stating she is en route to this city to establish identification. Letters found on the body gave the clew.

A coroner's jury summoned by Dr. T. M. Jones met last night at Demaine's mortuary chapel and after hearing the testimony of two witnesses gave a verdict that Reid or the unknown came to his death by being struck by a railroad engine or car on the tracks of the Southern Railway Company while about three quarters of a mile west of Seminary Crossing at about 11.18 p. m., Tuesday, January 27, his skull being crushed and the body badly mutilated.

James L. Kelly, a Southern Railway engineer, who was running a light engine in the yards that night testified that his fireman called his attention to something beside the track and he stopped his engine and got out and found the body and the man was still breathing. His testimony was corroborated by F. R. Johnson, colored, fireman. The body was brought to Catt's lane and the man died before reaching that place. Mr. Kelly was unable to say which engine struck the man, many having passed the point only a short time before.

The jury was composed of John H. Trimyer, foreman; Andrew D. Deeton, Joseph Ewald, H. Friedlander, George W. Bontz, sr., W. H. Woodfield.

The clergymen met here recently under the auspices of the Federal Council of Churches of Christ in America.

The bishops were Charles H. Brent, of Western New York; Chauncey B. GYPSIES A NUISANCE

Other Counties Will Join Somerset in Asking for Relief

Annapolis, Jan. 29.—Other counties will join Somerset in asking the relief from encampments of roving gypsies who are proving to be nuisances. Mr. Hall, of Somerset, staretd the movement against the bands by a bill to increase their annual license fee for staying in the county from $50 to $1,000, the sum being so large as to be prohibitive, the movement against the gypsies was prompted by recent troubles in the county for which they were in a way responsible. In a trade in horses a colored man got the worst of it. Angered by the dishonesty in the transaction and aided by his colored neighbors he made an attack on the camp. Shots were exchanged and two or three gypsies were severely wounded. The colored men were tried, convicted and heavy prison sentences were given to two of them. It is declared that the gypsies in Somerset, who have no land under cultivation, are accustomed to ship three or four crates of chickens daily from the nearest railroad station.

FIREMEN BUSY

The first alarm was 8 o'clock last night when the department was called to extinguish a small fire caused by hot ashes on the alley bounded by King, Prince, Columbus and Alfred streets. The suit to contest the will was brought by Golden E. Churchman and Miss Agnes Maxwell.

Attorneys James R. Caton and H. B. Caton appeared in the interest of sustaining the will and Judge J. K. M. Norton and Judge C. E. Nicol represent the contestants.

GIRL KILLED TWO MEN

Judge Discharges Jury After Admitting he Had Made Statement Not True to Facts

St. Louis, Jan. 29.—The trial of Ursala Broderick, 16, charged with having killed her stepfather, Joseph Woodcock, here April 14 last, yesterday was postponed until March 29, after a jury to hear the case had been selected in Juvenile court. The jury was dismissed when Judge Klene admitted he had been mistaken in a statement to the jurors. The court ruled that the selection of another jury was necessary.

Miss Broderick admits killing her stepfather, but claims she did so when he attempted to attack her. She also killed her father in 1916, but was exonerated by a coroner's jury on the plea that she acted in defense of her mother.

IN MEMORIAM

RATCLIFFE—In sad but loving remembrance of our dear little daughter, Alice Virginia Ratcliffe, who died so suddenly one year ago today, January 29, 1919.

In a little snow white casket
Resting all among the flowers,
Lies our little darling
Who such a little while was ours,
Your little clothes are laid away,
Your littel toys are still,
Your little chair is vacant in our home,
Which never can be filled.
One year has passed, oh how we miss you,
God in heaven alone can tell,
Though you have heard the voice of angels,
Softly whisper, "All is well."

ALEXANDRIA'S ASSESSORS

As was stated in yesterday's Gazette, Judge L. C. Barley, of the Corporation Court, has appointed Messrs. C. E. Cox and James Bayne to make the assessment of city property this year. Messrs. J. F. Rodgers and C. E. Tennesson will be assistants.

The selection of these gentlemen for this important work meets with general approval. The four have for years been identified with the business of the community, and it goes without saying that they will faithfully perform their duties.

At this time it is difficult to induce representative citizens to devote any of their attention to public matters, as business cares and labors generally absorb their entire time.

It is generally understood that material advances will be made on Alexandria property this year. This is often shown by sales of real estate in this city that the price has in most cases doubled that of a few years ago. This was demonstrated recently when a house on King street which several years ago sold for $2,400 was disposed of at auction for $8,700. In some cases real estate has sold for three times its assessed value of five years ago when the last assessment was made.

Rents are at the high water mark and parties who are reaping the benefits of this prosperous age will doubtless find their tax bills advanced somewhat when the new assessors shall have completed their work.

Of course, those who may feel aggrieved can appeal to the Corporation Court for relief, and when it can be shown errors have been made by the assessors the plea of the appellants will be sustained.

BILL DEFINING VAGRANTS

A bill defining vagrants and subjecting those convicted of vagrancy in the District of Columbia to imprisonment of from thirty days to six months in the jail or workhouse was introduced in the House yesterday by Representative Burrough of New Hampshire.

Definition of what constitutes vagrancy under the bill includes:

Persons who voluntarily return to the District of Columbia after having been legally removed.

Persons who do not have sufficient means to maintain themselves and their families and who live idly and without employment, and refuse to work for the usual and common wages given to other persons for like work.

Persons wandering or strolling about in idleness who are able to work but are unemployed.

Able-bodied persons found begging for a living or who quit their houses and leaves their wives and children without sufficient means of subsistence.

Persons who shall come from any place without the District and shall be found loitering and residing herein, and who do not follow any labor, trade, occupation or business, and who do not have sufficient visibile means of subsistence and can give no reasonable account of themselves or their business.

Persons having a fixed abode in the District, but who live by begging, stealing, or robbing, or by trading in stolen property.

Persons, not insane, who wander about and lodge in market places, market houses or in other public buildings or in vacant houses, outhouses, barracks, barns, sheds, carts or in the open air, without having any lawful occupation and without having sufficient visibile means of support.

Persons who are able to work and do not work, but hire out their minor children and live on their wages.

Four young negro men of Washington were before the Alexandria Police Court last night to answer the charge of larceny. It was shown by the evidence that the quartette had been visiting stores in this city and purloining different articles. When taken in custody one of the quartet had several shirts and neckties in his pockets. The shirts had been stolen from Swan Bro's. store. The prisoners seemed to be "gentlemen of leisure" and could give no satisfactory reason for visiting this city. They were sentenced to serve 90 days in jail.

It was suggested that the prisoners may be wanted in Washington on more serious charges, and the authorities of that city were notified to come here and look them over.

"FLU'S" REAPPEARANCE

While some cases of "Flu" are reported in Alexandria, this strange malady, so far, has caused no great apprehension in Alexandria. As will be seen elsewhere in the Gazette, however, the plague is spreading alarmingly in other Virginia cities, and Alexandria may yet pass through another experience akin to that of the latter part of the year 1918.

Doctor Foulks, our Health Officer is watching closely conditions hereabouts, and his words of warning, occasionally published in the Gazette, should be read carefully and his suggestions heeded.

The Times-Dispatch of Richmond, in which city the "flu" is causing considerable anxiety, makes timely comments upon present conditions. They are equally applicable to Alexandria. Among other things our cotemporary says:

Local health authorities are exhausting every available resource to prepare for the influenza epidemic and they are taking all proper preventive measures. But their efforts, to be in a large degree successful, must be fully supported by individual precaution. Without the latter all that the health authorities can do may be fruitless in the preservation of life and health.

"Happily, the disease is not as yet appearing in a form so virulent as when it almost overnight swept away thousands of Virginians in 1918."

A fact in connection with the malady must be recognized and boldly stated. It is that science knows little, if any, more of the disease, its origin, cure and prevention than when first its blighting appearance was felt in this country. The world's most brilliant scientific minds have been engaged in the life and death problem of discovering a serum or antitoxin that would render the individual immune, or effect a cure. Several times they have seemed on the verge of success, but each time this one of nature's secrets has eluded them.

"The disease remains a baffling mystery and all the honest physician can tell with certainty is that its spread is effected by fresh accretions from the mouth and nose, and that only by the utmost individual care in personal habits can one reasonably hope to escape. So it is, after all that science can do, up to the individual man, woman and child, to determine how grave the spread of the malady may become."

If instructions of physicians, the health authorities, nurses and others well informed be generally observed, Alexandria may escape lightly and the number of victims kept to a comparative few. If there is carelessness on the part of the individual no one can foretell the results. But even with humanity so prone to forgetfulness, how can there be carelessness with the facts of one year ago still fresh in the public mind."

THE SUSAN ANTHONY AMENDMENT

On last Tuesday the proposed Nineteenth Amendment of the Constitution of the United States came before the House of Delegates of Virginia on three resolutions: One by Mr. Ozlin asking for flat and unequivocable rejection, one by Mr. Gordon asking ratification, and one by Mr. Rew proposing a referendum of the matter to the Virginia electorate. This latter resolution was finally adopted. It seems to beg the question, and is in the nature of a plea of confession and avoidance. In effect, however, it is a rejection of the amendment by Virginia.

Any disposition of the matter must be an immense relief to the legislators who have been harried and beset almost to distraction ever since the amendment was submitted.

There has never been the smallest chance of ratification by Virginia. And this in spite of much earnest effort by the administration and the Virginia delegation in Congress who besought the Virginia Assembly to ratify as a matter of political expediency.

The home state of Washington, Madison, Marshall and Jefferson has stood, in this instance, like adamant against reform, by Federal Amendment.

On the other hand, Virginia was, we believe, the second state to ratify by an overwhelming vote, the Eighteenth Amendment, which presents an inconsistency rather hard to explain.

Before the legislature convenes in 1920, enough states will have acted to make Virginia's vote unnecessary. Suffrage by Federal Amendment now seems assured, and whatever our personal prejudices may be, we trust the result may keep and strengthen America.

ANTI-SMOKING BILL LOSES

Columbia, S. C., Jan. 29.—The South Carolina house of representatives yesterday by unanimous vote, rejected the anti-nicotine bill passed last week by the senate.

The defeated measure would have prohibited the using of tobacco in public dining rooms and restaurants.

BRYAN IN BRISTOL

Says People Should Demand G. O. P. Stand on Prohibition

Bristol, Va., Jan. 29.—William J. Bryan, in an address here last night, said the people of the nation should demand that the Republican party go on record on the prohibition question. He said, however, that he did not believe prohibition should be made the issue in the coming campaign.

In his address here, Mr. Bryan made plain his theory that the American people alone should determine the ultimate end of the treaty in a statement before thousands gathered from this section.

"I owe more to the Democratic party than any other living man," he said, "and I have suffered more than any other man from lack of harmony in the party. I am not disturbing the party's harmony. I want it. Mr. Edwards, of New Jersey, is the man who is disturbing the party. It is an insult that such a man should even think of becoming a candidate for the Presidency. If Governor Edwards enters the race he will be backed by the liquor interests. Can we afford to have this question thrust upon us in this campaign by the most foul and conspiring organization in the world? It is an insult to the decency of the nation. They shall not make my party a slave to this traffic nor to the liquor interests.

"I did not like to see the national chairman present at the dinner out party given by Governor Edwards. It is all right to me if he goes, provided he takes off the uniform of the Democratic party."

FREE VON REUTER

London, Jan. 29.—Admiral von Reuter, the chief officer of the German fleet at Scapa Flow who gave the order for the scuttling of the German warships there last June, has been set free by the British authorities. The admiral has returned to Germany, it was announced yesterday.

VIRGINIA YOUNGSTERS ARE PILING UP MONEY

Savings Societies in Schools Making Excellent Progress.—Splendid Support Given United States Treasury Department.

From the small folks learning to spell "cat" in the primary grades up to the big boys and girls who take Latin and Algebra, Virginia school children have been adding a new study to their list; and they have been winning honors in it. Their new work is the study of the subject of thrift, taught in connection with the "Text Books Of Thrift" which are sent to all the teachers desiring them by the War Loan Organization of the Fifth Federal Reserve District, at Richmond, Va.

But Virginia boys and girls in their patriotic work and in learning how to save and get ahead are going the teaching of thrift one better. Already in the schools of the Old Dominion more than five hundred savings societies and thrift clubs have been organized, and the children not only in Virginia but all over the district are busy earning money and buying useful things with it or investing it in Thrift Stamps and War Savings Stamps. Money put in War Savings Stamps bears interest at the rate of 4 per cent compounded quarterly and grows rapidly.

Put Money in Bank.

A lad in one of the schools in this district has laid the foundation of a prosperous career by plowing and by selling vegetables. When all the work was done he counted up the money he had put in bank and found that it amounted to twenty-five dollars. Many of the world's richest men began life on less than twenty-five dollars. But they saved their money regularly and invested it wisely, thus assuring success.

The teacher in one of the 3-A grades has reported that one of her pupils has earned no less than twenty dollars by helping around the house, while members of a savings society that flourishes in a 1-A grade have made about twenty-five dollars doing such odd jobs as feeding the chickens, tying tobacco and chopping grass.

Several boys who are members of school savings societies which are particularly active have bought clothes with money they earned in similar ways. One little fellow did so well helping his father that he was paid ten dollars. As he received the money he bought Thrift Stamps showing that he already know how to save and invest what he made.

Books Help Savings.

Popular among these small investors are the Penny and Nickel Savings Books issued by Uncle Sam to all school pupils desiring them. In the days when, to many tots, the price of even a Thrift Stamp may be too huge to be paid all at once, and when one just must buy an occasional all-day sucker or a cent-apiece bite of candy, lots of youngsters find it wise to save a penny or a nickel at a time. The coin is deposited with the teacher for safe keeping, and she stamps the savings card to show how much the child has put in his account. When the total is large enough, it goes into the purchase of a Thrift Stamp.

Piling up money of your own is a great game, played in this fashion, and a game that is daily growing in favor in Virginia schools.

PILE UP YOUR DOLLARS SO THAT NO ONE CAN KNOCK THEM DOWN.

Many a tired lad has slipped his coat on when the whistle blew and said derisively: "Another day another dollar. A million days, a millionaire." He has said a mouthful in bitter jest and without knowing it. For the dollars do pile up if the stack is not knocked over.

Some financial sharpshooter is always gunning for your dollars. They can pick them off at a mile like Annie Oakley cracking clay pipes in a shooting gallery. But if you put some of your dollars under cover before any one can draw a bead on them, you leave a slim score for the profiteer and the grafter.

The safest protection from those sharpshooters is War Savings Stamps bought every pay-day. If you give them your whole bank roll to shoot at they will hit it for a perfect score. Make them waste a little ammunition.

War Savings Stamps are absolutely safe. They pay a high rate of interest and you can get your money in FULL when you need it. When they pile up, nobody can knock the stack over.

PROVERBS.

He also that is slothful in his work is brother to him that is a great waster. Prov. 18:9. In fact, the slothful man is not only brother to the waster, he is IT. Put what might be waste into W. S. S.

VIRGINIA NEWS

Thomas Hamlin, a widely known Danville man, for years Commonwealth's attorney there and, for some time chairman of the Danville Democratic Committee, died this week in Richmond, Some months ago he went to that city for the purpose of undergoing an operation to stay the spread of a malignant disease. He returned to Danville soon thereafter, but was soon forced to yield, and some weeks ago he returned to the Richmond hospital, where he gradually sank.

William G. Conway, aged 85 years, a retired merchant and unmarried, is believed to have committed suicide yesterday at his home in Winchester by pouring kerosene on his clothes and setting them afire. His brother Nathan Conway, who lived with him, found him dead in the kitchen, his body horribly burned. Conway recently told friends he had no interest in life and feared he would become a burden to friends. He was lieutenant of a Winchester militia company, the Boomerangs, which guarded John Brown during the latter's trial at Harpers Ferry. Later he served in Company H, Thirteenth Virginia Infantry, Stonewall brigade.

Stricken in the pulpit of Brainbridge Street Baptist Church, Richmond, the Rev. Oliver C. Dobbs, former pastor of Thirty-fifth Avenue Baptist Church, Birmingham, Ala., died of influenza Tuesday. It was expected that he would be called to Bainbridge street to succeed the Rev. Judson Westfall, who recently accepted a call to Baltimore.

Business activities in Richmond were divided into four groups last night, with fixed working hours so arranged that crowds will not congregate on streets while going to and from work. This action was taken by health officials in an effort to combat influenza. Health reports showed one additional death, making a total of eight besides several of pneumonia. New cases reported were 244, bringing the total up to 1,181.

John Mitchell, Jr., colored banker and editor, who was charged with violating the prohibition law through the publication of booklets containing formulas for making wines, liquors and beers, was dismissed at a hearing before United States Commissioner Fleganheimer in Richmond this week.

Word has reached Lawrenceville, that six people were burned to death in a fire Sunday night when flames destroyed the house on the farm of T. H. Dugger. Bones of Tom Daniel, foreman; his wife and four children were found in the ruins of the homestead today, Mrs. Parish, mother of Mrs. Daniel, and a 13-year-old boy escaped. The origin of the fire is a mystery.

Roanoke gradually is becoming the center of an influenza epidemic, according to officials of the local health department, who announced yesterday that there are 433 cases here to date. Five deaths have occurred from the disease since January 22. A shortage of nurses was announced.

Capt. John A. Coke, widely known attorney of Richmond, Confederate veteran and brother of Richard Coke, who went to Texas and became Governor of that State and afterward United States Senator, died from a paralytic stroke. He was 78 years old.

WILL ENFORCE DRY LAW

New Jersey And Rhode Island Need Not Co-Operate Unless They Desire, Says Official

Washington, Jan. 29.—If New Jersey and Rhode Island State officials don't want to co-operate in prohibition enforcement they needn't, but there will be enforcement just the same, it was indicated yesterday by the Federal Government.

"We hoped for cooperation everywhere," said Deputy Commissioner Hurrey, of the Internal Revenue Bureau, "but in States where it is lacking we are prepared to furnish our own enforcement machinery. So far we have treated all States alike, but if we must discriminate we can."

The bureau has information indicating that New Jersey and Rhode Island show a "strong individual inclination against enforcement of the law," Hurrey said.

EX-KAISER 61 YEARS OLD

Amerongen, Holland, Jan. 29.—The staff of the Amerongen telegraph office was increased Tuesday in order to handle the flood of telegrams of congratulations received by former Emperor William of Germany on the occasion of his sixty-first birthday.

Two huge cartloads of flowers and other gifts were delivered at Bentinck Castle, where the one-time Emperor is domiciled.

The Queen's commissioner for the district of Utrecht, who arrived at Amerongen during the afternoon, called at the castle. The celebration inside the castle was a quiet one. The blue and white flag of the Bentinck family was hoisted above the castle today for the first time since the arrival of William Hohenzollern in Amerongen.

The Cow That Starved In Clover

A certain cow, though pastured in bountiful meadows, was attracted by the more tempting appearance of distant fields. Shunning the abundance at hand, she wandered afar, always finding the new spots less appetizing and less plentiful, and always leaving them untasted for the new fields inviting her on.

Growing hunger only spurred her on, until finally, exhausted by it, she fell into the sands of the desert, whence she never again rose.

People who shun the stores at home because of the allurements of those in larger towns, often find themselves getting less than they expected. Get into the habit of seeing your local dealer first. If he hasn't what you want, he will gladly get it. You'll be helping him to serve you better by helping him to make it pay.

Hood Prices, being based absolutely on actual costs of highest quality materials and labor, are consistent with Hood Quality and Road Service

The Hood ideal of tire value and service — greatest average mileage actually delivered at lowest cost per mile — remains unshaken by unsettled conditions which are arising to confront and confuse both tire dealers and tire users.

With costs of materials and labor at a high point, with the cost of cotton showing increase, with labor constantly increasing in cost, with rubber only slightly weakening, and with overhead reduced to a point of efficiency seldom equaled in the tire business, Hood will maintain present prices and quality.

Any reduction under the above conditions would necessitate a reduction of quality or quantity of materials or of both. *We will not pull down our standard*—it has made Hood Tires famous the country over as the Quality Tires of America.

The quality of Hood Tires will be maintained.

Hood prices will continue to be—as in the past—THE standard by which *real* tire values can be safely judged, for to-day the *price* of a tire is the only true representation of comparative value—guarantees have come to mean nothing.

Ask us to show you records of Hood average mileage of last year. Let us prove to you WHY price, divided by miles actually delivered, makes the Hood the most economical tire you can buy.

Can you afford to be without Hoods?

Hood Tires give maximum miles at minimum cost. A bona-fide guarantee with every tire. Fabric guaranteed 8,000 miles; cord guaranteed 10,000 miles. Cut your car expense by equipping with Hoods.

THRILLING EXPERIENCE

Rodman Wanamaker and 18 Others Tell of Thrilling Time

Palm Beach, Fla., Jan. 29.—Rodman Wanamaker, 23, and his companions, who came ashore at Vero, 70 miles north of Palm Beach Tuesday night on board a disabled hydroplane, had a most thrilling experience in their 26 hour struggle to reach the shore after the jamming of a valve on the plane forced the party to make a sea landing Monday afternoon.

They were unable to complete repairs before Tuesday morning. Then it was found that the plane was waterlogged and could not rise. To make matters worse, a southeast wind piled up waves 20 feet high which threatened to swamp the plane.

In order to steady their flimsy vessel, members of the party crawled out on either wing and lashed themselves to the strutts with ropes Late Monday night a steamer was sighted about a mile off and the young men, in a desperate effort to attract attention of the ship's crew soaked their clothes in gasoline and set fire to them, waving the garments as torcehs, but got no sign of recognition from the ship.

The party reached shore in their underclothing and arrived at their homes yesterday morning in clothing purchased at Stuart.

$300 BONUS TO SOLDIERS

Bonuses of $300 for every officer, enlisted man, nurse and field clerk who served at least two months in the war with Germany are proposed in a bill introduced in the House yesterday by Representative Luther W. Mott, Republican, of New York, member of the Ways and Means Committee.

The bill provides for a tax of one half of one per cent on all sales, excepting direct transactions between farmer and consumer, which would be known as the "Victory Tax." The Treasury Department would be authorized to issue certificates of indebtedness to pay the bonuses and these certificates would be retired and paid when the amount received from the tax, which is to be collected monthly, is sufficient.

The additional pay, according to Mr. Mott, will amount to "something less than $1,500,000,000, while it is estimated that the tax on sales would produce $1,750,000,000 in a year, so that it would probably be in effect only about ten months."

MACHINE GUNS FOR COPS

Regiment of 1,000 Patrolmen Sharpshooters Being Formed for Drill

New York, Jan. 29.—That New York City is preparing to protect itself in any possible emergency became evident yesterday, when it was learned that the police department is arranging for the organization of a regiment of sharpshooters, together with four machine gun squads.

There will be 1,000 patrolmen in the regiment, 100 to be recruited from each of the ten patrol squadrons into which the uniformed branch of the department is now divided.

The work of organization will be in charge of Acting Police Captain Charles Schofield. He will be assisted in the training by policemen who served as officers with the A. E. F.

About three-fourths of the regiment of 1,000 men to be selected have had military experience.

The men will be trained at the armory of the Thirteenth Regiment, Coast Artillery, Brooklyn.

CONFEDERATE PENSIONS

There are many bills before the present Legislature proposing changes in the law relating to Confederate pensions.

The Governor has recommended a substantial increase which will doubtless be made.

The provisions in the present law which limits pensions to veterans of less than fifteen hundred dollars worth of property will probably be removed. It certainly should be. The heroic band of the sixties is now a feeble and pathetic few. Those of them who have fortunes adequate for their needs, will not ask a pension. We can trust them for that.

Many a confederate veteran whose property is assessed at fifteen hundred dollars and even considerably more, is by reason of his age unable to make that property produce a livelihood for himself.

Virginia is too rich and too generous to require her immortal defenders, now in the evening of their days, to swear themselves paupers before receiving her bounty. We hope the law may be so amended that who are worthy and who feel themselves in need may receive the states help.

GIRL SCOUTS BATTLE TO MAKE PRICES DROP

Many Troops in This State Are Interested in Deferred Spending Plan Outlined by National Director.

More than seventy thousand Girl Scouts, according to an announcement made recently at National Girl Scout headquarters, 189 Lexington Avenue, New York, have adopted the principle of deferred spending as a means of combating hysterical prices of the present day and "doing their bit" to help put the nation on a stable economic basis. Instead of spending all of the money that they earn or get from parents as gifts or allowances, hundreds of these patriotic girls in each of the eighty-three local councils throughout the United States are investing in Treasury Savings Certificates and War Savings Stamps, obtainable at the majority of banks and trust companies, or at local postoffices.

Virginia Girl Scout Troops interested in this announcement are as follows: Troop 1, Berryville, Miss Frances Wolfe, captain; Troop 1, Blacksburg, Mrs. Mary Bashe, captain; Troop 1, Cherrydale, Miss Ethel King, captain; Troop 1, Cranes' Nest, Miss Nannie Fields, captain; Troop 1, East Stone Gap, Miss Christie Jones, captain; Exter, Mrs. R. R. Jones, captain; Troop 1, Fredericksburg, Miss Emily Heflin, captain; Troop 1, Hampton, Miss Eleanor Hewins, captain; Troop 2, Hampton, Miss Katherine Pock, captain; Troop 3, Hampton, Mrs. Geo. R. Sharmon, captain; Lexington, Mrs. S. M. Millner, captain; Troop 1, Lynchburg, Miss Annie Owen, captain; Troop 1, Manassas, Mrs. Edith Sanders, captain; Troop 1, Newport News, Mrs. W. B. Freihofer, captain; Phoebus, Mrs. Fannie Moon, captain; Port Norfolk, Miss Mildred James, captain; Troop 1, Portsmouth, Miss Agnes Earnest; Troop 3, Portsmouth, Miss Ellen Lash, captain; Troop 4, Portsmouth, Miss Lena Karp, captain; Troop 5, Portsmouth, Miss Anne Todd Foster, captain; Troop 6, Portsmouth, Miss Charlotte Ewald, captain; Troop 1, Quantico, Mrs. Nellie M. Dyer, captain; Roanoke, Mrs. A. B. Brooks, Miss Marion Bolinger, Mrs. H. E. Reynolds, captains; South Boston, Miss Mary Barksdale, captain; Staunton, Miss Mary Miller, captain; Tom's Creek, Miss Grace Denton, captain; University of Virginia, Miss Margaret Carter, captain; Wytheville, Miss Kate Terry Green, captain; Wise, Mrs. Edmund D. Vicars, captain; Richmond—Miss Eva Hewitt, Miss Hazel Shackelford, Miss Hannah Engleberg, Mrs. Florence Dooly, Miss Rosebud Smith, Mrs. W. B. Saunders, Miss Mary Davis, Miss Hallie Atkisson, captains.

"One of the ten Scout laws is that a Girl Scout must be thrifty," says Mrs. Jane Deeter Rippin, national director of Girl Scouts. "This means that a Scout must avoid all useless waste of every kind, must be careful when spending her money and must always remember that she should save every penny that she can invest in a safe manner. This habit of saving, if practiced regularly in youth, will make for better womanhood and will also give to the Girl Scout a surplus in time of need.

"Reports coming into National Girl Scout headquarters show that the idea behind the government's "work and save" movement appeals to Girl Scouts. They like the Treasury Savings Certificates, for they are forward looking girls. That the investment now of $82.40 means the return in January, 1925, of $100, with the money meanwhile absolutely safeguarded from loss through accident or theft, shows them that the certificate is sound. And where are the girls of America who do not have dreams of the days in the near future? Some want to give a present to their mothers; some wish to save for a trip; others desire to start a fund for educational purposes. These are only a few of the many reasons prompting girls to save and to invest ow in government securities."

What Wes Did.

Wes Whittle, a teamster down in Lowell, Ark., was so patriotic during the fall of 1918, before the Hun was finally vanquished, that he put a mortgage on his team and wagon for $50 and bought War Savings Stamps in his desire to do his duty by the government. Some thought Wes was doing more than his financial strength warranted. But he just went down into the woods, cut up fuel and sold it and the mortgage was soon lifted. Now Wes is buying more stamps, because he realizes their value and finds he can save.

Crew Demanded Stamps.

Clean up day on the battleship New Jersey means something more than hard work to the gobs on board that craft. It means a decided addition to the ship's fund that is drawing interest in the form of War Savings Stamps. While the war ship was anchored in Boston harbor recently, the crew gathered up all the obsolete ship's fittings, cast off jumpers and other clothing, books and papers and sought out a junk dealer. The dealer was willing to pay cash for the junk offering but the crew demanded payment in War Savings Stamps and got it. All condemned material on board is being carefully stored away in preparation for another clean up.

UNWRITTEN LAW UPHELD

Man Who Killed Daughter's Betrayer Acquitted

Cumberland, Md., Jan. 29.—When a verdict of "not guilty" was brought into court Tuesday night in the Mineral County Criminal Court in the case of Tony Somma, father of 15-year old Rose Somma, who shot and killed Ralph Colenda the night of June 21 last, there was a great outburst of shouting and applause which the court could not stop. Judge Reynolds ordered the arrest of everyone in the courtroom, but the sheriff represented to the Judge that the jail was too small to hold all the offenders. Hence the crowd was let off with a stern rebuke.

Somma killed Colendo, a man twice the age of his daughter, Rose, because Colendo had refused to marry the girl with whom he had had illicit relations. Somma, who lived opposite Cumberland at Ridgeley, escaped here and a few weeks afterwards gave himself up to the authorities. Friends of Somma in this locality raised a large fund for the defense. Self-defense was the plea as Colendo was said to have attacked Somma. The jury was out but 12 minutes.

STATE COMMITTEE

Will Meet in Richmond February 10 to Fix Date of Convention, Etc.

Richmond, Jan. 29.—The State Executive Committee has been called to meet in this city February 10. The call was issued last night by State Chairman Roper A. James, of Danville.

This meeting is to do three things Fix the date for the state convention to determine the basis of representation in the convention, and to select the place for the same.

Among the cities which are expected to make bids for the gathering are Lynchburg, Roanoke, Staunton, Norfolk, Danville, Charlottesville and Richmond.

It is believed that some city in the central part of the state will be chosen in order to distribute the travel in any direction. Lynchburg, Roanoke Danville and Charlottesville have the railroad facilities, with Lynchburg holding perhaps the advantage in this respect.

Richmond is expected to make a strong bid for the convention, however, having railroads, steamboat and hotels, as well as the City Auditorium for convention purposes.

Final Disposition of Forty-Five Seized Ships is Worrying the Brazilian Government

Rio De Janeiro, Jan. 29.—The question of final disposition of the forty five German ships taken over by Brazil during the war, some of which were leased to France, is again occupying public attention.

Following the recent denial by Foreign Minister Marques of report that the government was negotiating the sale of the vessels to North American interests, a delegation from local organizations called on President Pessoa, asking him the government' intentions. President Pessao replied that it was his personal opinion Brazil, as a matter of honor and by reason of her signature of the peace treaty, should indemnify Germany to the extent of $25,000,000 for possession of the ships, The government, the President said, would sell the ships to the highest bidders and pay the sum to Germany.

In authoritative quarters it is said that Brazil offered France the first chance of punchasing the vessels leased to that country, but the France replied that the present status of affairs made it impossible to give a definite reply, and therefore no negotiations are in progress at present.

375,000 PRISONERS DIE

Geneva, Jan. 29.—Nearly 375,000 of the 500,000 Austro-Hungarian prisoners of war taken by Russians have perished in Siberia from small pox and typhus, according to Vladivostok dispatches to International Red Cross headquarters here.

The rest were kept alive only by the efficient work of Japanese, American and English doctors. East of Lake Baikal Chinese physicians are also helping, but the work is difficult owing to the bolshivik invasion.

POISON IN CANNED CORN

Pittsburgh, Jan. 29.—Ptomaine poisoning from canned corn caused the death here yesterday of Hilda Nestman, aged 4. Her father, Herman J. Nestman, her mother and brother, Wolfe, 7, are in a critical condition at a local hospital.

With their throats paralyzed, little hope is held out for their recovery. In similar cases, doctors say, death is due to suffocation.

THEATRES

RICHMOND THEATRE

Charles Ray, who will be seen in "The Clodhopper," a Triangle production, at the Richmond today has the distinction of never having appeared in photoplays containing a vampire, murder or sex theme since he has been raised to stardom. Ray always takes the part of a clean wholesale American lad, such as the average person knows by the score.

It is the unsophysatication of Chas Ray which appeals to the audience. He arouses sympathy in the outsider who knows that this actor is heading for some trap and one feels a desire to warn him. His appeal is to the heart, and it is an appeal that knows no resisting.

INGOMAR THEATER

Charles Miller's late photodramatic production, "Love, Honor and (?)," will open at the Ingomar Theater today. Stuart Holmes and Ellen Cassidy are in the starring role, and the management of the Ingomar theater promises his patrons one of the most sensational dramas of the current year.

In "Love, Honor and (?)" patrons of the Ingomar Theater will be given their first opportunity to see Stuart Holmes, popularly known as the screen's best "heavy" man and villian, working in a straight role. His work is said to be as finished and of as high order of dramatic expose as are his innumerable portrayals of the villain type, in which roles he has starred and supported such well known stars as Theda Bara, Norma Talmadge and Clara Kimball Young.

"Love, Honor and (?)" teaches a lesson that all will be the better for having learned.

Dr. Frederick Jacobson says, 75 per Cent of Women Need Phosphates to Give Them Strong, Healthy, Rounded Figure and to Avoid Nervous Break Down. Thousands of Women Grow Strong in Nature's Way

'Consider the Lilies of the Field, How They Grow."

The life of the lily is but a few weeks or months. The life of woman is "three score years and ten." But to live one's life in its fullness, women like the lily, must be nourished by those same vital elements which nature provides for nourishing every living thing; and these include the valuable phosphates so often lacking in the usual food we eat today. Argo-Phosphate is rich in these wonderful elements. It contains them in concentrated tablet form which is easy to take and quickly assimilated and absorbed into the system, and from youth to old age, builds and rebuilds body and brain in beautiful harmony with Nature's perfect plan. "That's why" Argo-Phosphate makes good solid flesh and muscles.

Special Notice — Argo-Phosphate contains the Natural phosphates which thousands of physicians are prescribing daily to build up thin, pale, colorless women to give them rosy cheeks red lips and a beautiful complexion. Many cases have been reported where women have increased their weight from 15 to 25 pounds with a few weeks treatment, and any woman who desires a well rounded and developed form, should secure from her druggist this new drug which is inexpensive and is dispensed by Gibsons Drug Store with or without a doctor's prescription.
